Governor to Attend Chamber's Installation Dinner

The North Shore Chamber of Commerce will hold its annual Installation Dinner Wednesday, June 4th 2008. The theme will be "A Sustainable Future for the North Shore." One hears the word "sustainable" all the time now, but what would a sustainable future look like? A 21st century economy and jobs, "Being Green" and "Buying Locally" with food grown on the North Shore would all be a part of that future.

The children of today will determine what happens tomorrow. Well-educated, innovative young people will be needed to make a sustainable future happen...young people like the Kahuku High and Intermediate School's "We the People" team that just took the state championship and represented Hawaii at the national competition in Washington D.C. This team has been state champions 14 out of 15 years and will be honored at the dinner.

This event is a time when you can see old friends, make new ones, network and have a great time. Please join us.

When: Wednesday June 4th from 6:00 to 9:30pm; 6:00pm: no-host cocktails and displays. 7pm dinner and program

Where: Waimea Valley Pikake Pavilion
